(“Martin Marietta”) issued \$750 million aggregate principal amount of 4.850% Senior Notes due 2029 (the “2029 Notes”), \$1,250 million aggregate principal amount of 5.200% Senior Notes due 2032 (the “2032 Notes”), \$1,000 million aggregate principal amount of 5.400% Senior Notes due 2034 (the “2034 Notes”), \$1,500 million aggregate principal amount of 5.625% Senior Notes due 2036 (the “2036 Notes”) and \$1,000 million aggregate principal amount of 6.375% Senior Notes due 2056 (the “2056 Notes” and, together with the 2029 Notes, 2032 Notes, 2034 Notes and 2036 Notes, the “Notes”) pursuant to a base indenture, dated as of May 22, 2017 (the “Base Indenture”), as amended and supplemented from time to time, including by the Sixth Supplemental Indenture, dated as of August 14, 2026 (the “Sixth Supplemental Indenture” and, together with the Base Indenture, the “Indenture”) between Martin Marietta and Regions Bank, as trustee (the “Trustee”), governing the Notes.

The 2029 Notes will mature on August 15, 2029 and will accrue interest at a rate of 4.850% per annum. The 2032 Notes will mature on January 30, 2032 and will accrue interest at a rate of 5.200% per annum. The 2034 Notes will mature on January 30, 2034 and will accrue interest at a rate of 5.400% per annum. The 2036 Notes will mature on August 15, 2036 and will accrue interest at a rate of 5.625% per annum. The 2056 Notes will mature on August 15, 2056 and will accrue interest at a rate of 6.375% per annum. Interest on the 2029 Notes, 2036 Notes and 2056 Notes will be paid semiannually on the 15th day of February and August, commencing February 15, 2027. Interest on the 2032 Notes and 2034 Notes will be paid semiannually on the 30th day of January and July, commencing January 30, 2027.

The Notes are Martin Marietta’s senior unsecured obligations and rank equally in right of payment with all of its existing and future senior indebtedness and will rank senior in right of payment to all of its future subordinated indebtedness. The Notes are effectively subordinated to all of Martin Marietta’s existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness. The Notes are not guaranteed by any of Martin Marietta’s subsidiaries and are structurally subordinated to all of the existing and future indebtedness and other liabilities (including trade accounts payable) and preferred equity of Martin Marietta’s subsidiaries.

The net proceeds of the Notes will be used, together with borrowings under a \$1.5 billion senior unsecured term loan facility, to pay the cash consideration for the Company’s previously announced acquisition of all of the outstanding equity interests in Lhoist North America, Inc. (the “Acquisition”). Closing of the offering is expected to occur in the third quarter of 2026, subject to the satisfaction of customary closing conditions.

Optional Redemption. Prior to July 15, 2029, with respect to the 2029 Notes, December 30, 2031, with respect to the 2032 Notes, November 30, 2033, with respect to the 2034 Notes, May 15, 2036, with respect to the 2036 Notes and February 15, 2056, with respect to the 2056 Notes (each, a “Par Call Date”), Martin Marietta may redeem the notes of a series, at its option, in whole or in part, at any time and from time to time, at a redemption price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

- (i) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the notes of such series are scheduled to mature on the applicable Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Treasury Rate (as defined in the Indenture) plus 10 basis points, in the case of the 2029 Notes, 15 basis points, in the case of the 2032 Notes, 15 basis points, in the case of the 2034 Notes, 15 basis points, in the case of the 2036 Notes, and 20 basis points, in the case of the 2056 Notes, less (b) interest accrued to, but excluding, the date of redemption, and
- (ii) 100% of the principal amount of the notes of the applicable series to be redeemed,

plus, in either case, accrued and unpaid interest thereon to, but excluding, the redemption date. On or after the applicable Par Call Date, Martin Marietta may redeem the notes of a series, in whole or in part, at any time and from time to time, at a redemption price equal to 100% of the principal amount of the notes of such series being redeemed plus accrued and unpaid interest thereon to, but excluding, the redemption date.

Special Mandatory Redemption. If (i) the Acquisition is not consummated prior to the SMR Outside Date (as defined in the Indenture), (ii) the Securities Sale Agreement (as defined in the Indenture) is terminated at any time prior to the SMR Outside Date (other than as a result of consummating the Acquisition) or (iii) Martin Marietta publicly announces at any time prior to the SMR Outside Date that it will no longer pursue the consummation of the Acquisition, then Martin Marietta will be required to redeem all of the outstanding notes of each series pursuant to a special mandatory redemption at a redemption price equal to 101% of the aggregate principal amount of the notes of the applicable series plus accrued and unpaid interest to, but excluding, the Special Mandatory Redemption Date (as defined in the Indenture).

Change of Control Repurchase Event. If a Change of Control Repurchase Event (as defined in the Indenture) occurs, unless Martin Marietta has exercised its right to redeem the Notes in full or is otherwise required to redeem the Notes pursuant to a special mandatory redemption, Martin Marietta will be required to offer to repurchase all of the outstanding Notes at a repurchase price equal to 101% of their principal amount, plus unpaid interest, if any, accrued thereon to, but excluding, the date of repurchase.

Other Covenants. The Indenture contains covenants that restrict Martin Marietta’s ability, with certain exceptions, to (i) incur debt secured by liens, (ii) engage in sale and leaseback transactions and (iii) merge or consolidate with or into, or transfer all or substantially all of the assets of Martin Marietta and its subsidiaries, taken as a whole, to, another entity. These covenants are subject to a number of important exceptions and qualifications, as described in the Indenture.

Events of Default. The Indenture provides for customary events of default (subject in certain cases to customary grace and cure periods), which include non-payment, breach of covenants in the Indenture and certain events of bankruptcy and insolvency. Generally, if an event of default occurs, the Trustee or holders of at least 25% in aggregate principal amount of the then outstanding Notes may declare the principal of all such outstanding Notes and any accrued interest thereon immediately due and payable.

The Notes have been registered under the Securities Act of 1933, as amended (the “Act”), pursuant to an effective shelf registration statement on Form S-3ASR (File No. 333-293581), as supplemented by the prospectus supplement dated August 11, 2026, filed with the Securities and Exchange Commission under the Act.

“S&P” means S&P Global Ratings, a division of S&P Global Inc., and its successors.

“Treasury Rate” means, with respect to any Optional Redemption Date, the yield determined by the Corporation in accordance with the following two paragraphs.

The Treasury Rate shall be determined by the Corporation after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third Business Day preceding the Optional Redemption Date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily)—H.15” (or any successor designation or publication) (“H.15”) under the caption “U.S. government securities—Treasury constant maturities—Nominal” (or any successor caption or heading) (“H.15 TCM”). In determining the Treasury Rate, the Corporation shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the Optional Redemption Date to the applicable Par Call Date (the “Remaining Life”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the applicable Remaining Life, the two yields—one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the applicable Remaining Life—and shall interpolate to the applicable Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the applicable Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the applicable Remaining Life. For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the Optional Redemption Date.

If on the third Business Day preceding the Optional Redemption Date H.15 TCM is no longer published, the Corporation shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second Business Day preceding such Optional Redemption Date of the United States Treasury security maturing on, or with a maturity that is closest to, the applicable Par Call Date, as applicable. If there is no United States Treasury security maturing on the applicable Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from the applicable Par Call Date, one with a maturity date preceding the applicable Par Call Date and one with a maturity date following the applicable Par Call Date, the Corporation shall select the United States Treasury security with a maturity date preceding the applicable Par Call Date. If there are two or more United States Treasury securities maturing on the applicable Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, the Corporation shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices, expressed as a percentage of principal amount, at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

ARTICLE III

Additional Covenants

SECTION 3.1 Limitations on Liens. Subject to the following two sentences, the Corporation shall not, and shall not permit any Restricted Subsidiary to, as security for any Debt, incur a Lien on any Restricted Property, unless the Corporation or such Restricted Subsidiary secures or causes to be secured any outstanding Notes equally and ratably with all Debt secured by such Lien (it being understood that such Lien may equally and ratably secure such Notes and any other obligations of the Corporation or its Subsidiaries that are not subordinated in right of payment to any outstanding Notes). The foregoing restrictions will not apply to, among other things, Liens:

- (i) existing on the Issue Date of the Notes or existing at the time an entity becomes a Restricted Subsidiary;
- (ii) existing at the time of the acquisition of the Restricted Property or incurred to finance all or some of the purchase price or cost of construction; provided that the Lien may not extend to any other Restricted Property (other than, in the case of construction, unimproved real property) owned by the Corporation or any of its Restricted Subsidiaries at the time the property is acquired or the Lien is incurred; and provided, further, that the Lien may not be incurred more than one year after the later of the acquisition, completion of construction or commencement of full operation of the property;
- (iii) securing Debt of the Corporation owed to a Restricted Subsidiary or securing Debt of a Restricted Subsidiary owed to the Corporation or another Restricted Subsidiary;
- (iv) existing at the time an entity merges into, consolidates with, or enters into a share exchange with the Corporation or a Restricted Subsidiary or a Person transfers or leases all or substantially all its assets to the Corporation or a Restricted Subsidiary;

(v) in favor of a government or governmental entity that secures payment pursuant to a contract, subcontract, statute or regulation, secures Debt guaranteed by the government or governmental agency, secures Debt incurred to finance all or some of the purchase price or cost of construction of goods, products or facilities produced under contract or subcontract for the government or governmental entity, or secures Debt incurred to finance all or some of the purchase price or cost of construction of the property subject to the Lien; or

(vi) extending, renewing or replacing in whole or in part a Lien (an “existing Lien”) permitted by any of clauses (i) through (v); provided that such Lien may not extend beyond the property subject to the existing Lien and the Debt secured by the Lien may not exceed the amount of Debt secured at the time by the existing Lien unless the existing Lien or a predecessor Lien equally and ratably secures the outstanding Notes and the Debt.

In addition to and notwithstanding the foregoing restrictions, the Corporation and any of its Restricted Subsidiaries may, without securing the Notes of any Series, incur a Lien that otherwise would be subject to the foregoing restrictions; provided that after giving effect to such Lien the aggregate amount of all Debt secured by Liens that otherwise would be prohibited by this Section 3.1 (for the avoidance of doubt, excluding Debt secured by a Lien permitted by any of clauses (i) through (vi) above), plus all Attributable Debt in respect of Sale-Leaseback Transactions that otherwise would be prohibited by Section 3.2 at the time such Lien is incurred would not exceed 15% of Consolidated Net Tangible Assets.

If, upon any consolidation, merger or transfer described in Section 5.1 of the Indenture, a Restricted Property would become subject to an attaching Lien that secures Debt, then, before the consolidation, merger or transfer occurs, the Corporation by supplemental indenture shall secure the Securities of each Series by a direct lien on such Restricted Property. The direct Lien shall have priority over all Liens on such Restricted Property except those already encumbering such Restricted Property. The direct Lien may equally and ratably secure the Securities of each Series and any other obligation of the Corporation or a Subsidiary. Notwithstanding the foregoing, the Corporation need not comply with the above provisions of this paragraph if (i) upon the consolidation, merger or transfer, the attaching Lien will secure the Securities of each Series equally and ratably with or prior to Debt secured by the attaching Lien or (ii) pursuant to the other provisions of this Section 3.1, the Corporation or a Restricted Subsidiary would not be prohibited from creating a Lien on the Restricted Property to secure Debt at least equal in amount to that secured by the attaching Lien.

This Section 3.1 is one of the covenants eligible for the provisions of Section 8.3 of the Indenture.

SECTION 3.2 Limitations on Sale and Lease-Back Transactions. Subject to the following sentence, the Corporation shall not, and shall not permit any Restricted Subsidiary to, enter into a Sale-Leaseback Transaction, unless:

(i) the lease is between the Corporation and a Restricted Subsidiary or between Restricted Subsidiaries;

(ii) the Corporation or such Restricted Subsidiary would be entitled, pursuant to Section 3.1, to create a Lien on the property to be leased securing Debt in an amount at least equal in amount to the Attributable Debt in respect of the Sale-Leaseback Transaction without equally and ratably securing the outstanding Notes under Section 3.1;

(iii) the Corporation owns or acquires other property which will be made a Principal Property and is determined by the Board of Directors of the Corporation to have a fair value equal to or greater than the Attributable Debt incurred;

(iv) within 270 days of the effective date of the lease, the Corporation makes Capital Expenditures with respect to a Principal Property in an amount at least equal to the amount of the Attributable Debt incurred; or

(v) the Corporation or a Restricted Subsidiary makes an optional prepayment in cash of its Debt or finance lease obligations at least equal in amount to the Attributable Debt for the lease, the prepayment is made within 270 days of the effective date of the lease, the Debt prepaid is not owned by the Corporation or a Restricted Subsidiary, the Debt prepaid is not subordinated in right of payment to any of the Notes, and the Debt prepaid was Long-Term Debt at the time it was created.

In addition to and notwithstanding the foregoing restrictions, the Corporation and any of its Restricted Subsidiaries may, without securing the Notes of any Series, enter into a Sale-Leaseback Transaction that otherwise would be subject to the foregoing restrictions; provided that after giving effect to such Sale-Leaseback Transaction the aggregate amount of all Debt secured by Liens that otherwise would be prohibited by Section 3.1 (for the avoidance of doubt, excluding Debt secured by a Lien permitted by any of clauses (i) through (vi) thereof), plus all Attributable Debt in respect of Sale-Leaseback Transactions that otherwise would be prohibited by this Section 3.2 would not exceed 15% of Consolidated Net Tangible Assets.

This Section 3.2 is one of the covenants eligible for the provisions of Section 8.3 of the Indenture.

SECTION 3.3 Change of Control Repurchase Event. If a Change of Control Repurchase Event occurs (unless, with respect to any Series of Notes, the Corporation (i) has exercised its right to redeem such Series in full in accordance with Section 2.8, Section 2.9, Section 2.10, Section 2.11 or Section 2.12, as applicable, or (ii) is redeeming or has redeemed such Series pursuant to Section 2.13), the Corporation shall make an irrevocable offer (subject to consummation of the Change of Control Repurchase Event) (a “Change of Control Offer”) to each Holder of Notes (except any such Notes excluded under clause (i) or (ii) above) to repurchase all or, at the election of such Holder, any part (equal to a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof) of such Holder’s Notes for cash at a price equal to 101% of the principal amount of such Notes to be repurchased plus unpaid interest, if any, accrued thereon to, but excluding, the repurchase date. Notwithstanding the foregoing, the Corporation shall pay any interest installment due on an Interest Payment Date which occurs on or prior to the repurchase date to the Holders of the Notes of the applicable Series as of the close of business on the applicable record date immediately preceding such Interest Payment Date.

(a) The Corporation shall send a notice to each Holder of the applicable Notes by first class mail, with a copy to the Trustee, within 30 days following the date upon which any Change of Control Repurchase Event has occurred, or at its option, prior to any Change of Control but after the public announcement of the pending Change of Control. The notice shall govern the terms of the Change of Control Offer and shall describe the transaction that constitutes or may constitute the Change of Control Repurchase Event and shall irrevocably offer (subject to consummation of the Change of Control Repurchase Event) to repurchase all of such Notes on the repurchase date specified in the notice. Subject to the following sentence, the repurchase date shall be at least 30 days but no more than 60 days from the date such notice is sent (a "Change of Control Payment Date"). If the notice is sent prior to the date of consummation of the Change of Control, the notice shall state that the Change of Control Offer is conditioned on the Change of Control Repurchase Event occurring on or prior to the repurchase date specified in the notice. Holders electing to have their Notes purchased pursuant to a Change of Control Offer shall be required to surrender their Notes, with the form entitled "Option of Holder to Elect Repurchase" on the reverse completed, to the Paying Agent at the address specified in the notice, or transfer their Notes to the Paying Agent by book-entry transfer pursuant to the applicable procedures of the Paying Agent, prior to the close of business on the third Business Day prior to the Change of Control Payment Date. The Paying Agent shall promptly send to each Holder of Notes properly tendered the repurchase price for such Notes, and the Trustee, upon the Corporation's execution and delivery of the related Notes, shall promptly authenticate and send (or cause to be transferred by book-entry) to each Holder a new Note of the same Series equal in principal amount to any unreurchased portion of any Notes properly tendered.

(b) On the Change of Control Payment Date, the Corporation shall, to the extent lawful: (i) accept for payment all properly tendered Notes or portions of Notes of the applicable Series that have not been validly withdrawn; (ii) on or before 10:00 a.m. (New York City time) on such date, deposit with the Trustee or with the Paying Agent (other than the Corporation or an Affiliate of the Corporation) money sufficient to pay the required payment for all properly tendered Notes or portions of Notes of such Series that have not been validly withdrawn; and (iii) deliver or cause to be delivered to the Trustee the repurchased Notes of such Series, accompanied by an Officers' Certificate stating the aggregate principal amount of repurchased Notes of such Series. The Trustee or the Paying Agent shall promptly return to the Corporation any money deposited with the Trustee or the Paying Agent by the Corporation in excess of the amounts necessary to pay the repurchase price of all Notes to be repurchased.

(c) The Corporation shall comply with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes of any Series as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this Supplemental Indenture, the Indenture or the Notes, the Corporation shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under this Section 3.3 or the Notes by virtue of any such conflict.

(d) The Corporation shall not be required to make an offer to repurchase the Notes upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements of this Section 3.3 and such third party purchases all Notes properly tendered and not withdrawn by the Holders thereof under its offer.

(e) If Notes tendered in a Change of Control Offer are paid or if the Corporation has deposited with the Trustee or the Paying Agent money sufficient to pay the repurchase price of all Notes to be repurchased, on and after the repurchase date, interest shall cease to accrue on the Notes or the portions of Notes tendered and not withdrawn in a Change of Control Offer (regardless of whether certificates for such Notes are actually surrendered). If any Security tendered in a Change of Control Offer shall not be so paid upon surrender for repurchase because of the failure of the Corporation to comply with paragraph (c) of this Section 3.3, interest shall be paid on the unpaid principal from the repurchase date until such principal is paid, and, to the extent lawful, on any interest not paid on such unpaid principal, in each case, at the rate provided in such Security.

This Section 3.3 is one of the covenants eligible for the provisions of Section 8.3 of the Indenture.

SECTION 3.4 Maintenance of Office or Agency. In the event that certificated Notes of any Series are outstanding, then, for so long as such certificated Notes of such Series are outstanding, the Corporation shall maintain in the United States, an office or agency where certificated Notes of such Series may be presented or surrendered for payment and where certificated Notes of each such Series may be surrendered for registration of transfer or exchange. The Corporation shall give prompt written notice to the Trustee of the location, and any change in the location, of each such office or agency. If at any time the Corporation shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations may be made or served at the corporate trust office of the Trustee, and the Corporation hereby appoints the Trustee as its agent to receive all such presentations.
